SKILLS

- **Languages:** C++ (Proficient), Java, JavaScript, C, React JS, Python, PHP
- **Frameworks:** HTML, CSS, JavaScript, React.js, Express.js and Node.js backend, Tailwind CSS
- **Database:** MySQL, Postgres, MongoDB
- **Tools/Platforms:** VS Code, Git, Sublime Text
- **Soft Skills:** Problem-Solving Skills, Team Player, Project Management, Adaptability

PROJECTS

- **Movie Blogging Platform** March 2025 – May 2025
 - **Technologies Used:** React, TypeScript, Tailwind CSS, Vite, Framer Motion, OGL (WebGL), EmailJS
 - Built a responsive movie blogging platform featuring animated hero sections, reviews, and team showcases.
 - Integrated Framer Motion and OGL.js to deliver smooth UI transitions and custom circular gallery animations.
 - Implemented dark mode support and mobile responsiveness to enhance UX across all devices.
 - Added secure contact functionality using EmailJS, enabling users to reach out directly from the site.
 - **Live:** <https://flicktales-cinema-blog.vercel.app>
- **Personal Portfolio Website** Jan 2025 – Feb 2025
 - **Technologies Used:** React, TypeScript, Tailwind CSS, Vite, Framer Motion, EmailJS, Vercel
 - Built a fast, animated portfolio to showcase skills, experience, and projects with smooth navigation.
 - Integrated a contact form using EmailJS to enable real-time message sending without a backend server.
 - Achieved full responsiveness and dark mode compatibility, ensuring consistent user experience across all devices.
 - Optimized for speed and SEO with fast load times and clean semantic structure, improving recruiter engagement.
 - **Live:** <https://mayankkg.vercel.app>
- **Text Editor** Sep 2023 – Oct 2023
 - **Technologies Used:** Python and MySQL.
 - Built a lightweight WordPad-like text editor in Python with core features including Open, Edit, Save, and Text Formatting.
 - Designed an intuitive UI using Tkinter and integrated MySQL for tracking file open/save history.
 - Delivered a user-friendly editor with persistent history management and efficient performance.
